The West Wing Restaurant is proud to be the first restaurant in Suffolk to be a member of the Sustainable Restaurant Association. We currently use local and sustainable producers from in and around East Anglia, which is a haven for fresh fruit, vegetables, livestock, fish and dairy products. Please see our special boards around the restaurant; many of the dishes contain produce grown in the walled gardens at Ickworth.

If you have any dietary requirements, please do not hesitate to let us know as we can adapt many of our dishes to ensure you have an exceptional meal with us at Ickworth.
